**Ira Progoff : The Cloud of Unknowing: A New Translation of the Classic 14th-Century Guide to the Spiritual Experience** before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Cloud of Unknowing: A New Translation of the Classic 14th-Century Guide to the Spiritual Experience:

3 of 3 people found the following review helpful. Not what expected  
By Contented buyer I wish someone could translate this into good, ordinary English. This particular edition was just too archaic for easy, thoughtful reading. I'm sorry I ordered and wouldn't recommend it to anyone who is really interested in it.

By sandlot7 Great book! 1 of 2 people found the following review helpful. I've started reading it and it is good fodder for contemplation  
By gisgirl Thanks for this book. I've started reading it and it is good fodder for contemplation.

In fourteenth-century England an anonymous monk wrote an extraordinary text illuminating the life of contemplative devotion and the drama of the souls union with God. Precariously heretical in its day, it became a classic of Christian mystical thought. Dr. Ira Progoffs brilliant new translation and commentary illustrate The Cloud of Unknowings ongoing relevance. Dr. Progoff reveals a bridge spanning the perilous abyss between modern psychologys self-conscious analytic thought and the pressing spiritual needs of modern man. Praise for Ira Progoffs The Cloud of Unknowing One of the classic guides to spiritual experience revealing the dynamics of the inner life. The Washington Post [Dr. Progoffs] translation makes a psychological genius come alive. Harry A. Overstreet Astonishingly modern and timely . . . This fourteenth-century mystic speaks to us with a message that is as vital today as it was then. New York Post Translated from archaic to modern English with lucidity and fine comprehension . . . a delightful surprise. The Dayton Journal Herald

About the Author Ira Progoff (1921-1998) worked toward a dynamic humanistic psychology as a private therapist, lecturer, and group leader. He served as Bollingen Fellow and as director of the Institute for Research in Depth Psychology at Drew University and found new techniques to enlarge spiritual awareness and resolve social problems.
