I need it for a Spring Semester class that I ...By RacheleI need it for a Spring Semester class that I am taking for an Arts Humanities credit...it seems to give a lot of history regarding Deaf Issues Past Present. It is very informative, I am learning a lot that I had no idea about how that community feels.1 of 1 people found the

following review helpful. Thorough and Informative  
By Amanda L Hall  
Text for ASL, one of the most thorough histories of the Deaf Community.

The deaf community in the West has endured radical changes in the past centuries. This work of history tracks the changes both in the education of and the social world of deaf people through the years. Topics include attitudes toward the deaf in Europe and America and the evolution of communication and language. Of particular interest is the way in which deafness has been increasingly humanized, rather than medicalized or pathologized, as it was in the past. Successful contributions to the deaf and non-deaf world by deaf individuals are also highlighted.

"Pays attention to the cultural heritage and identity of this often-ignored population...a good primer...recommended." -- Choice  
"Tracing the cultural history of deafness --from prehistoric times, through middle-age Europe, up into early America, and throughout the last 100 years" --SciTech Book News  
About the Author  
Melvia M. Nomeland, who is deaf, of deaf parents, has taught deaf students for 25 years. She is a co-developer of the Deaf Studies Curriculum Guide currently in schools and has contributed articles to a variety of publications. Ronald E. Nomeland is a professor emeritus at Gallaudet University where for 35 years he was a professor and department chair. Born into a deaf family, he has written numerous articles and served as president or officer of several national organizations serving deaf people.
