Glacier Book of Logan, Ut shipped it in very protective packaging and the time in which it was shipped and delivered was excellent. Would do business with them again. I am very pleased with Joseph Whitehouse's journal. Good reading from the enlisted man's point of view. A fine addition to my library.

Lively and curious, possessing a keen eye for detail and a knack for skin-dressing, Private Joseph Whitehouse produced an account that stands as the only surviving record by any army private in the Corps of Discovery expedition. In simple and well-paced sentences he painted full portraits of the unusual group of men he accompanied on one of the greatest adventures in American history. Whitehouse's journal is published here in full for the first timeincluding entries from a second copy of his journal that extend the narrative for five months beyond previous editions. Although Whitehouse's career after the expedition was checkered and he disappeared after 1817, his vivid eyewitness account will long be remembered.

"The University of Nebraska Press has become the pre-eminent publisher of Lewis and Clark titles, including what is now considered the definitive edition of the journals edited by Nebraska history professor Gary Moulton."John Marshall, Seattle Post-Intelligencer
