Meriwether Lewis, William Clark : The Definitive Journals of Lewis and Clark, Vol 13: Comprehensive Index before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Definitive Journals of Lewis and Clark, Vol 13: Comprehensive Index:

In twelve remarkable volumes, Gary E. Moulton has edited the journals of the Lewis and Clark expedition of 1804-6, thus making clear and accessible to all readers the plethora of maps and words with which Meriwether Lewis and William Clark documented one of the greatest ventures of discovery in American history. With the Comprehensive Index, the thirteenth volume, Moulton completes his work and offers everyone who consults the Journals a complete and detailed means of locating specific passages, references, and particular people or places within the larger work. Throughout the edition, his guiding principles have been clarity and ease of use. Consequently, the notes are indexed more thoroughly here than in most works and include modern place-names, modern denominations for Indian nations, and current popular and scientific names for various cited species. This volume also contains a list of corrections for earlier volumes.

"The University of Nebraska Press has become the pre-eminent publisher of Lewis and Clark titles, including what is now considered the definitive edition of the journals edited by Nebraska history professor Gary Moulton." John Marshall, *Seattle Post-Intelligencer*
