THE MOST INFLUENTIAL BOOK ON THE GNOSIS OF ASTROTHEOLOGY EVER WRITTENBy NicholasTo The Esoteric Neophyte Reading This Review - "While our Christian Clergy of the present day, either the most Ignorant or most Deceitful of all Humanity, have played into this Fool's Game, have Pandered to the Passions of Barbarous Ignorance, found that the Swinish Multitude would be quite satisfied with the Shells Husks of Science, as the kernel; so the Tale was but Bloody enough, Impossible to have

Happened, and Inconceivable to be Conceived, They would never endanger the Power of the Clergy by seeking to be Wise above what is Written. Thus the Clergy have laid the bars of a Fraudulently-pretended Historical evidence across the Path of Knowledge. But here is where mind will be of use to You; here, I ask of You, not as new-born babes, desiring the sincere milk of the word, I call upon You, as Men, to hold me to the debt of supplying You with the Solid Intellectual Feast of the Meaning; in which I ask no sensible Man's Assent from his Favor, but will Challenge it from his Conviction." -Rev. Robert Taylor

By Justin Shively It's amazing to find gems like this that show that in all ages there have been those who have seen through so much of the bollocks pushed by the church. Rev. Robert Taylor was brilliant and his delivery of his discoveries regarding the truth behind the "Gospel (Godspell)" is perfect and enlightening. I cannot recommend this book enough. 1 of 1 people found the following review helpful. Hard to find book, so I'm ecstatic I found ... By shandajeanette Hard to find book, so I'm ecstatic I found it for a decent price. I'm sure you can find a used copy on abebooks.com, however. Once I read it, I'll update my review.

This series of sermons was meant to challenge the rigid and uncompromising views that were held by Christianity in England at the time. Reverend Taylor was originally a doctor who took up the holy orders in the Church of England. His intense curiosity and desire to find the truth found him studying the roots of Christianity and its interesting connections to astrology and the signs of the zodiac. He came to the conclusion that Christianity is based on much older religions and its rituals are directly descended from ancient Egyptian and pagan practices. Although Taylor's holy orders were revoked and he was banned from preaching in the U.K., he continued his work in Ireland. He later returned to England and became even more controversial than ever. Arrested for blasphemy, he kept writing in jail. Upon his release he toured the universities of England with a colleague, debating and beating virtually everyone with material covered in this book. Subjects covered include the origins of Christianity, the real purpose of Jesus and the

apostles, and the importance of the zodiac and its symbolism in relation to Christianity. Rev. Taylor was a trailblazer for all those who dare to question current beliefs.
