**Daniel Jonah Goldhagen : The Devil That Never Dies: The Rise and Threat of Global Antisemitism** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Devil That Never Dies: The Rise and Threat of Global Antisemitism:

9 of 11 people found the following review helpful. Must read for everyone By Jeffrey Tannenbaum It is scary to see

the way the world is going. This is a very detailed well written and researched book. Anyone who care about hatred in the world and the need to combat it needs to read this book. It is not an easy read but it contains information that is necessary to be before the public. Information is a powerful tool and Mr Goldhagen uses it well. 3 of 4 people found the following review helpful. Five Stars By Susan L. McLaren Brilliant and disturbing. 4 of 5 people found the following review helpful. Five Stars By Samuel Lux Excellent work.

A groundbreaking--and terrifying--examination of the widespread resurgence of antisemitism in the 21st century, by the prize-winning and #1 internationally bestselling author of *Hitler's Willing Executioners*. Antisemitism never went away, but since the turn of the century it has multiplied beyond what anyone would have predicted. It is openly spread by intellectuals, politicians and religious leaders in Europe, Asia, the Arab world, America and Africa and supported by hundreds of millions more. Indeed, today antisemitism is stronger than any time since the Holocaust. In *THE DEVIL THAT NEVER DIES*, Daniel Jonah Goldhagen reveals the unprecedented, global form of this age-old hatred; its strategic use by states; its powerful appeal to individuals and groups; and how technology has fueled the flames that had been smoldering prior to the millennium. A remarkable work of intellectual brilliance, moral stature, and urgent alarm, *THE DEVIL THAT NEVER DIES* is destined to be one of the most provocative and talked-about books of the year.

From Booklist Anti-Semitism has often been compared to a deadly virus, characterized by long latent periods and then reemerging in new and even more virulent forms. Goldhagen, who has specialized in provocative, controversial works on the Holocaust and anti-Semitism, examines the virus in its latest, terrifying form. Per this author, anti-Semitism has broken free of its centuries-old host in Europe and now infects institutions and individuals across the world. Facilitated by the global nature of modern communication, the old blood libels, distortions, and wild conspiracy theories about Jews are now widely believed and expressed in places as far flung as Malaysia, West Africa, and Pakistan, none of which have indigenous Jewish populations. Goldhagen maintains that international organizations, including the United Nations and some so-called human-rights groups, use the mask of anti-Zionism or opposition to Israel to nurture and reinforce hatred of Jews. At the same time, there has been a resurgence of anti-Semitism in traditional places in Europe, and it transcends the political barriers of the Left and the Right. As in his earlier works, Goldhagen tends to paint with too broad a brush, but this is still an important investigation of an undeniably dangerous phenomenon. --Jay Freeman "No other writer has held mass murderers, deniers of truth, and propagators of hate to a higher standard of moral accountability than Daniel Jonah Goldhagen.... His latest, *The Devil that Never Dies*, doubtlessly will shatter the way people think about anti-Semitism--both in its past incarnations and present day existence." Thane Rosenbaum, *Huffington Post* "An important new book.... The book is a chilling explication of the explosion of anti-Semitism in the last two decades, fueled by the Internet and other modern means of global communications, as well as a sophisticated analysis of the inter-related international institutions and political trends that underpin it. It is essential reading." Rick Richman, *Commentary* "Alarming.... *The Devil That Never Dies* is bursting with information and insight." Neal Gendler, *American Jewish World* "Former Harvard professor Goldhagen comes out swinging in this frontal assault on anti-Semitism and its practitioners and does not pause for breath until the final page.... A frightening photograph of a mutable demon so many fail to recognize and continue to embrace." Kirkus "Effective and disturbing.... Rhetorically and sometimes physically violent anti-Semitism over the past dozen years or so is shocking in part because it does not seem to shock." Jeffrey Goldberg, *New York Times* "Explosive.... Goldhagen's main points are hard to contradict." David Mikics, *Tablet Magazine* "Daniel Goldhagen's new book hits hard. This tour de force makes a chillingly compelling case that global anti-Semitism is on the rise.... Goldhagen's material can overwhelm and be tough going for the faint of heart. Yet his passionate compulsion to make his case beyond a shadow of a doubt is understandable, and he does so with brilliance.... In *The Devil That Never Dies*, he does everything within his formidable intellectual power to confront anti-Semitism and make us aware that this devil is real." Sharon Rosen Leib, *San Diego Jewish Journal* "An in-depth look at anti-Semitism around the world." *Vox Tablet* About the Author Daniel Jonah Goldhagen is the author of the #1 international bestseller *Hitler's Willing Executioners*, which was a National Book Critics Circle Award Finalist and was named one of the two best books of 1996 by *Time*, *A Moral Reckoning*, and *Worse Than War*. Goldhagen's writing has appeared in the *New York Times*, *Los Angeles Times*, *Washington Post*, *New Republic*, *Sunday Times*, *The Guardian*, *Die Zeit*, *Le Monde* and *El Pais*, among many others. He lives in Massachusetts.
