B. Branton : The Dulce Wars: Underground Alien Bases and the Battle for Planet Earth before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Dulce Wars: Underground Alien Bases and the Battle for Planet Earth:

5 of 5 people found the following review helpful. After watching his video on YouTube By Jess I bought this book after watching his videos on YouTube. I find myself having to constantly research his claims and wording of secret government equipment and code names for certain forces in order to keep up with what he's trying to inform, which ultimately supports his claims further seeing as he knows what he's actually talking about. I really enjoyed his book and I think more people should know. 0 of 0 people found the following review helpful. Interesting By Kindle Customer It could happen. Anything is possible, however my logic would think a war above ground would already have occurred if all these claims were real. Or at the least a faction of people would have risen up to prepare for a war as opposed to only a bunch of books written about the conspiracy. If this was all true and the *beep* hit the fan and a

resistance is formed, I'd join. Just saying 0 of 0 people found the following review helpful. Three Stars By Leonard F. Not as expected.

IN THE CORNER OF A SMALL TOWN IN AMERICA'S SOUTHWEST SOMETHING VERY STRANGE IS GOING ON! IS AN ALIEN "FIFTH COLUMN" ALREADY ACTIVE ON EARTH PREPARING TOTAL CONQUEST VIA IMPLANTATION'S AND MIND CONTROL? According to the author -- who only used his first name for privacy reasons (and because he is deathly afraid!) -- "The repercussions of what is taking place here will soon be felt throughout the whole country, when the beast has reached out with its deadly tentacles to invade our seemingly impregnable fortress, causing it to crumble and fall." Did U.S. Military Forces perish recently in hand-to-hand combat with a group of hostile Greys who subsequently seized control of one of our Top-Secret underground bases? And has the New World order established an unholy alliance with this group of ETs? In Dulce, New Mexico, seemingly everything has gone haywire, becoming the epicenter of: Cattle mutilation phenomena. . .Energy Grids. . .Secret Societies. . .Underground Anomalies. . .Conspiracies Between Townsfolk and "Outsiders". . . Unexplained Legends and Mythology Concerning Various "Lost Civilizations". . . Geomagnetic Enigmas. . .Abductions and Missing Time. . .Hostile Alien Beings. . .Peculiar Sounds and "Movements" Coming From Beneath The Earth. As discussed on the History Channel, Coast to Coast, and TheParaCast.Com

"Stories of underground bases occupied by aliens is nothing new...but the stories seem to get weirder and weirder.." -- CONSPIRACYJOURNAL.COM About the Author Branton uses only his first name for privacy reasons -- and because he is deathly afraid of the New World Order. He is one of the top authorities today on aliens amongst us and our governments role in the ET coverup and manipulation of human minds and bodies by off-worldly invaders. A real life war of the worlds. Excerpt. Reprinted by permission. All rights reserved. In the early 60s, a subterranean blast occurred about 30 miles southwest of Dulce, NM right off U.S. 64. This blast was conducted under the umbrella of project Plowshare, and was named Gassbuggy. It has recently been alleged that this subsurface blast was used to create a hollowed out chute for development of a substation for a super-secret tunned system attached to an underground black book project base. According to one researcher, a former Dulce base security technician, this particular under-world city is a highly secret base operated by humans as well as reptilian aliens and their worker cast, the commonly encountered Greys. It is here, apparently that a multitude of experimentation projects are carried out. Primarily genetic experiments on kidnapped, women and children. In 1977 this technician was transferred to Santa Fe, NM where his pay was raised and his security clearance upgraded...His new job was as a photo security specialist in the Dulce installation, where his job specification was to maintain, align and calibrate video monitoring cameras throughout the underground complex and to escort visitors to their destinations. Once arriving, the technician and several other new recruits attended a mandatory meeting where they were introduced to the BIG LIE, that ..."all subjects being used for genetic experiments were hopelessly insane and the research is for medical and humane purposes." Beyond that, all questions were to be asked on a need to know basis. The briefing ended with severe threats of punishment for being caught talking to any of the "nsane" or engaging in conversations with others not directly involved with one's current task. Venturing outside the boundaries of ones own work area without reason was also forbidden and, most of all, discussing the existnce of the joint Alien/U.S. government base to any outsider would generate severe and, if necessary, deadly repercussions.
