**Hilary MCD Beckles : The First Black Slave Society: Britain's Barbarity Time in Barbados, 1636-1876** before purchasing it in order to gage whether or not it would be worth my time, and all praised The First Black Slave Society: Britain's Barbarity Time in Barbados, 1636-1876:

Book describes the brutal Black slave society and plantation system of Barbados and explains how this slave chattel model was perfected by the British and exported to Jamaica and South Carolina for profit. There is special emphasis on the role of the concept of white supremacy in shaping social structure and economic relations that allowed slavery to continue. The book concludes with information on how slavery was finally outlawed in Barbados, in spite of white resistance.
