**Ken Johnson : The Gnostic Origins of Roman Catholicism** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Gnostic Origins of Roman Catholicism:

5 of 6 people found the following review helpful. What this book exposes. By Customer This book is full of information that answers many if not most of the questions I've had about the odd things and practices within the Catholic church. Also an open look at the history of this church (that Catholicism has always covered up) and why it will serve an evil source in the end times. 2 of 4 people found the following review helpful. In the wrong hands, power

corruptsBy Don's OpinionThe information brought together in this book is revealing and should be a warning to those in power as well as those individuals under the influence of those in power.... the Roman Catholic Church. The author of this book has organized the information in a manor that is easy to read with each chapter building upon the last. In this book Ken Johnson collects the early church father's doctrinal foundations and warnings made to the Roman Church and shows how those doctrines and warning have been ignored to this day! There are tons of references and notes to allow the reader to follow up and verify Ken's research. I highly recommend this book for all people but especially for individuals seeking to better understand God's Word.7 of 9 people found the following review helpful. Again, enlightening with core beliefs of Christianity juxtaposed to ...By CNAgain, enlightening with core beliefs of Christianity juxtaposed to expos of Catholicism and it false foundation belief system created and embellished by Vatican. Ken Johnson has contributed much too my education in Christian belief in a positive way.

The ancient church fathers documented their struggle with the rebellion of the bishops of Rome. They recorded the heresies that crept into the Roman Catholic Church and their subsequent rebuke of those Roman bishops, or popes. The first section will give a detailed history of Rome from AD 50 to the modern times. The second section will deal with some ancient prophecies about the rise and fall of papal Rome. The third section deals directly with some of the major divisive issues created by the Roman Catholic Church. Such as: papal infallibility, idolatry, sorcery, transubstantiation, celibacy, purgatory, etc. The true origin of these doctrinal heresies are the Gnostic cults of the first and second century. Quotes from the church fathers can be read in their entirety in the ten volume set of Ante-Nicene Fathers, and summarized in Ancient Church Fathers.

About the AuthorKenneth Johnson holds a degree in Religious Studies from California State University Fullerton. His emphasis was in the study of mythology and this interest is reflected in his writing and his astrological practice. Kenneth discovered astrology while traveling in Europe during the summer of 1973. He studied in Amsterdam and London before returning to the United States and developing a practice which focuses on archetypal themes and personal mythologies. In addition to his astrological interests, Kenneth is also a musical theater librettist and a member of the Dramatists Guild.
