Best version of this great book I have ever ownedBy John BaxterBest version of this great book I have ever owned, the picture selection is the difference...a study in itself!

"The Great Controversy" by Ellen G. White is for anyone who wants to better understand the most silent but slow and

relentless unfolding of Bible prophecy from a historical perspective. Caution: this book is not for the faint of heart or the narrowminded. It is filled with Bible and historical references to back up its assertions. It climaxes with the fall of spiritual "Babylon" and the victory of God and good over evil. A must reading if you want to learn about the closing events of earth's history and the "time of the end" to which the Bible refers.
