**Ted Franklin Belue : The Hunters of Kentucky: A Narrative History of America's First Far West, 1750-1792** before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Hunters of Kentucky: A Narrative History of America's First Far West, 1750-1792:

3 of 4 people found the following review helpful. New Concise information By W. Cawood I am very interested in the

exploration of the middle ground frontier during the 18th century. This book contained much information about the people and the land of Kentucky and the central Appalachian frontier. I enjoyed the narratives about the frontiersmen and the everyday life of the people. I was, however, often confused by the timeline. I would get lost in the frequently changing references to time. 1 of 2 people found the following review helpful. A must read for those interested in Kentucky frontier life. By Customer This book is for all readers of frontier life in Kentucky. I really liked it. I guess you will like it too. A must read! 1 of 2 people found the following review helpful. Recommended book for the Kentucky historian. By Steve Challis Good reference book packed with information on early Kentucky.

The Hunters of Kentucky covers a wide range of frontier existence, from daily life and survival to wars, exploits, and even flora and fauna. The pioneers and their lives are profiled in biographical sketches, giving a rich sampling of the personalities involved in the United States' westward expansion. Author Ted Franklin Belue's colorful, vivid prose brings these long-forgotten frontiersmen to life. Covers the American invasion and settling of the Kentucky frontier. Includes such frontier personalities as Daniel Boone, John Redd, Michael Cassidy, and Nicholas Cresswell.
