**Tessa Paul, Ronald Creighton-Jobe : The Illustrated World Encyclopedia of Saints** before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Illustrated World Encyclopedia of Saints:

87 of 89 people found the following review helpful. Good Reference Book For Catholic Art Lovers By M. Hill This is a beautifully illustrated reference book. It was exactly what I was expecting by seeing it on . Anyone, like me, who loves Renaissance art, will enjoy reading up on the Catholic Saints. However, this being a recently written reference book, there are also modern saints covered, such as Mother Teresa of Calcutta. Those who are searching for a reference book covering a larger number of saints, I would recommend "Our Sunday Visitor's Encyclopedia of Saints" Our Sunday Visitor's Encyclopedia of Saints This product briefly covers about 10,000 saints. 1 of 1 people found the following review helpful. Exactly What I Wanted (Needed)... By Richard Mackenzie This is a truly magnificent book -- in style, in its look, its accessibility and above all in its content. Congratulations all around to the writer, editors et al. It is

exactly what I wanted. In my first look at it, I already have learned so much -- in an exciting and entertaining manner. I cannot recommend this masterpiece on the Saints too highly. The characters are suddenly interesting and, pardon the phrase, they come alive in the telling here. On a scale of five stars, I'd give it a solid 10.0 of 0 people found the following review helpful. Beautiful Pictures Filled with Informative Details By Customer Awesome coffee table style book. Wonderful details and beautiful pictures. Purchased as a gift for my husband's baptism. He loved it.

Far more than a dictionary of saints, this beautifully illustrated book is an informative chronicle that explores the mysterious conditions of sainthood and tells the lives of the saints in a comprehensive and modern approach to this fascinating subject.
